SPECIAL EVENTS & WEDDINGS

*A space for modern events
in a historic setting*

"The guests loved it! They couldn't believe they were having dinner on a ship and they certainly loved exploring it before dinner. The team that looked after us on the day were fab and made the delegates feel very welcome!"

- University of the West of Scotland

The Tall Ship offers a unique combination of historic charm alongside modern facilities, perfect for hosting your special event.

The Tall Ship can accommodate for a variety of events, weddings, corporate functions, lectures, training days, graduation ceremonies, fashion shows, comedy nights and much more. Imagination and flair can be used to personalise the versatile space.

All proceeds from event hire are reinvested back into the ship to ensure it is maintained and enjoyed by future generations to come.

TIE THE KNOT

Tie the knot in one of Glasgow's most unique wedding venues. An iconic symbol on Glasgow's skyline, The Tall Ship offers bespoke wedding packages to ensure you have an unforgettable experience.

Working closely with our catering partners, we design bespoke packages to suit a variety of requirements and budgets.

GLASGOW'S UNIQUE VENUE

Berthed on the River Clyde outside the iconic Riverside Museum, The Tall Ship is Glasgow's most original venue for special events, conferences and social occasions. Built in 1896 in Port Glasgow, *Glenlee* is now the only Clydebuilt sailing ship afloat in the United Kingdom.

ATMOSPHERIC SURROUNDINGS WITH 19TH CENTURY CHARM

Lovingly restored over the course of six years to her original 19th century splendour, The Tall Ship is steeped in history and atmosphere.

Originally a cargo ship, this resilient vessel has sailed around the world four times, surviving many treacherous storms and braving the notorious Cape Horn fifteen times.

Guests are welcome to explore every nook and cranny of the ship, browse onboard exhibits, enjoy the riverside sunset and even try their hand at scrubbing the deck!
